

Handicraft works

How to make a cup from the pieces of paper and water.

Materials needed:

Pieces of papers

A glass of water

Instruction.

First of all, we take a paper, draw a circle on it and glue it in a form of cup.

Then take a glass of water and pieces of papers which we cut with our hands not with scissors. Then we soap pieces of papers in the glass of water and glue them around the cup which we made in more firms to them above each others as a form of cup, after we put it on the sun to dry.

How to make a celebration card

A piece album paper
Colored pencils or colored markers

Instruction

Take a landscape paper and draw a picture of tulip on it. Color it with various colors and behind of it write our congratulation slogan on Father's Day

Needed materials

An egg

Colored pencils or markers

Instruction

We took an egg and drew on it eyes, a mouse, eyebrows, a nose and we made two feet with a plasticine
